Material Safety Data Sheet

1. Product and Company Identification
Product name       Eco Solvent Ultra Ink Cyan, Magenta
Company name       Mutoh America Inc.
Address            2602 South 47th Street, Suite 102, Phoenix, Arizona 85034
Contact Section    Customer Service
Phone              480-968-7772
Fax                480-968-7990
MSDS No.           MSDS-VJMSINK3CY-00
                    MSDS-VJMSINK3MA-00

2. Composition/Information on Ingredients
Single or Blend: Blend

3. Hazard Identification
Emergency overview: Ink component is a cyan liquid that causes eye, nose or throat irritation, and that effects anesthesia, if inhaled. Ink may flash, when under high temperature. Avoid contact with eyes or clothing. In the case of skin contact, wash with soap and water. Keep out of reach of children.

Potential Health Effects
- Eyes: Ink contact with eye will be irritating. See Section 11 for Toxicology.
- Skin: Ink contact with skin may cause minimally irritation. See Section 11 for Toxicology.
- Inhalation: Intentional exposure to ink Vapors (mist) will cause respiratory irritation and anesthesia. See Section 11 for Toxicology.
- Ingestion: May cause upset stomach. See Section 11 for Toxicology.

4. First Aid Measures
- Eyes: Immediately flush with room temperature, low pressure, clean water for at least 15 minutes. Seek medical attention if eye irritation continues.
- Skin: Wash surface areas with soap and water. Wash soiled clothing before rewear. Consult a physician if irritation continues.
- Inhalation: Remove subject to ventilated fresh air. If not breathing, give artificial respiration right away. If breathing is difficult, give oxygen. Seek immediate medical attention.
- Ingestion: Seek medical advice; and attention if stomach continues to be upset.

5. Fire Fighting Measures
- Extinguishing media: Water spray, dry chemical, carbon dioxide or, alcohol foam.
- Extinguishing instructions: Extinguish to use fire fighting media or plentiful fog water. Put protection wear without fail in case of fire fighting work; do not work in the leeward.

6. Accidental Release Measures
- Personal protections: Removed the person of the leeward. Keep away the person from periphery of the place of the leakage. Ventilate sufficiently during clean-up in case of inside of a house.
- Methods for cleaning up: If a spill occurs, use sponges to wipe-up ink, then rinse area with damp cloth. Place waste in closed container for disposal. Do not dispose of waste to the sewer. Wash hands with soap and water.
7. Precautions for Safe Handling and Use

Handling: Use proper ventilation and no fire in work place. Put protection wear that has electrical conductivity in case of work. Keep out of reach of children and do not drink ink. Do not dismantle cartridge. Make sure cartridge is dry before insertion into printer housing.

Storage: Do not store the cartridge in high or freezing temperatures. Keep cartridge out of direct sunlight. Do not store cartridge with oxidizing agents or explosives.

Specific use(s): Not specified.

8. Exposure Controls and Personal Protection

Engineering controls: Proper ventilation.

Exposure controls

Occupational exposure control: Not established.

Respiratory protection: Not required under suitable use as setting the cartridge on the printer.

Hand protection: Not required under suitable use as setting the cartridge on the printer.

Eye protection: Not required under suitable use as setting the cartridge on the printer.

Skin protection: Not required under suitable use as setting the cartridge on the printer.

Environmental exposure control: Not established

9. Physical and Chemical Properties of Ink Formulation

General information

Appearance: Cyan : Cyan liquid / Magenta : Magenta liquid
Odor: Slightly

Important health, safety and environmental information

pH: Not applicable
Boiling point: No data available
Melting point: No data available
Flash point: about 71°C (Closed cup)
Autoflammability: None
Explosive properties: 1.4-6.9v/v% as Gamma-butyrolactone
Oxidizing properties: None
Vapor density: Greater than 1 (air = 1)
Relative density: No data available
Solubility in water: Soluble
Solubility in fat: No data available
Partition coefficient: No data available
Viscosity: No data available
Other information: Not specified

10. Stability and Reactivity

Stability: Stable under normal temperature.
Hazardous polymerization: No data available.
Conditions to avoid: High and freezing temperatures.
Materials to avoid: Oxidizers and explosives.
Hazardous decomposition products: No data available.

11. Toxicology and Health Hazards

Routes of overexposure: Eye, skin, inhalation, and oral.
Acute health hazards: Overexposure of eye surface to ink may be mildly irritating.
Overexposure of skin to ink contact may cause irritation and in some people swelling and redness.
Intentional inhalation overexposure to ink vapors may result in respiratory tract irritation and anesthesia.
Intentional or accidental oral ingestion may cause an upset stomach.

Chronic health hazards: None known
Mutagenicity: Negative (by Ames test)*
Carcinogenicity: Not contain any substances listed in IARC Monographs (1,2A and 2B)*

*Based on toxicology data of chemically similar material.
Toxicity data:

- Oral LD$_{50}$: $>2500$mg/kg (Rat)*
- Dermal LD$_{50}$: $>2000$mg/kg (Rat)*
- Inhalant LC$_{50}$: No data available

Eye irritating: Moderate irritant (Rabbit, OECD 405)*
Skin irritating: Mild irritant (Rabbit, OECD 404)*
Skin sensitizing: Non-sensitizer (LLNA, OECD 429)*

12. Ecological Information

- Ecotoxicity: No data available on the adverse effects of this material on the environment.
- Mobility: No data available on the adverse effects of this material on the environment.
- Persistence and degradability: No data available on the adverse effects of this material on the environment.
- Bioaccumulative potential: No data available on the adverse effects of this material on the environment.
- Other adverse effects: No data available.

13. Disposal Considerations

Disposal should be in accordance with federal, state, and local requirements.

14. Transportation Information

- UN Class / UN Number: Not applicable.

15. Regulatory Considerations

- US regulation:
  - TSCA Section 4(a) Final Test Rules: Not regulated.
  - TSCA Section 8(a) Preliminary Assessment Information Rule (PAIR): Not regulated.
  - TSCA Section 8(a) Inventory Update Rule: Not regulated.
  - TSCA Section 12(b) One-Time Export Notification Regulated?: Not regulated.
  - California Proposition 65: Not regulated.

- EU information:
  - Symbols and indication according to 1999/45/EC: This ink does not meet the criteria for classification as dangerous.

16. Other Information

This “Material Safety Data Sheet” contains health, safety, and environmental information. It does not replace any precautionary language or use and disposal information which accompanies the product. The information contained herein is believed to be accurate at the time of preparation, but should only be used as a guide. It is subject to revision from time to time. MUTOH does not warrant the completeness or accuracy of the information contained herein.
